

NEWS RELEASE - For Immediate Release

Northern Superior Resources Completes Discovery Examinations, Mediator Appointed, in its Litigation Against the Ontario Government

Sudbury, Ontario – (February 3, 2015) –Northern Superior Resources Inc. (“Northern Superior” or the “Company”) (TSXV: SUP) is pleased to provide the following update on the litigation proceedings against the Ontario Government, concerning the Company’s Thorne Lake, Meston Lake and Rapson Bay properties.

- The main portion of Discovery Examinations are now complete. The results of this process have been encouraging. The Company intends to continue with its litigation against the Ontario Government.
- The parties have jointly selected a well-respected Mediator to assist them at the mandatory mediation proceedings. To accommodate schedules the mediation has been set for March 24th, 2015.
- The trial date remains set for June, 2015.

Dr. T.F. Morris President and CEO states: “The Discovery Examinations have not revealed anything of concern although the Ontario Government has yet to provide required written answers to a large number of matters that could not be dealt with at the Examinations. Nevertheless, we remain confident in proceeding with the litigation against the Ontario Government. Regarding the joint appointment of the Mediator, we very are pleased and feel most fortunate to have such a qualified and seasoned individual participating in this process.”

About Northern Superior Resources Inc:

Northern Superior is a junior exploration company exploring for gold in the Superior Province of the Canadian Shield. The Company is currently focused on exploring its Croteau Est property in Québec. The Company has a number of 100% owned properties (see Company web site, www.nsuperior.com) in the Stull-Wunnumin and Chibougamau gold districts of Ontario and Québec.

Northern Superior is a reporting issuer in British Columbia, Alberta, Ontario and Québec, and trades on the TSX Venture Exchange under the symbol SUP.

For Investors

Forward looking statements: This news release includes certain “forward-looking information” within the meaning of Canadian securities legislation and “forward-looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995 (collectively, “forward looking statements”). Forward looking statements include predictions, projections and forecasts and are often, but not always, identified by the use of words such as “seek”, “anticipate”, “believe”, “plan”, “estimate”, “forecast”, “expect”, “potential”, “project”, “target”, “schedule”, “budget” and “intend” and statements that an event or result “may”, “will”, “should”, “could” or “might” occur or be achieved or other similar expressions and includes the negatives thereof. All statements other than statements of historical fact included in this release, including, without limitation, statements regarding potential mineralization, exploration results, interpretation of results, the timing and success of exploration activities generally, the timing and results of future resource estimates, and future plans and objectives of Northern Superior are forward-looking statements that involve various risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Forward looking statements are based on a number of material factors and assumptions. Important factors that could cause actual results to differ materially from Northern Superior’s expectations include exploration risks, changes in project parameters as plans continue to be refined, results of future resources estimates, future metal prices, availability of capital and financing on acceptable terms, general economic, market or business conditions, uninsured risks, regulatory changes, defects in title, availability of personnel, materials and equipment on a timely basis, accidents or equipment breakdowns, delays in receiving government approvals, unanticipated environmental impacts on operations and costs to remedy same, and other exploration or other risks detailed herein and from time to time in the filings made by the Company with securities regulators. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ from those described in forward looking statements, there may be other factors that cause such actions, events or results to differ materially from those anticipated. There can be no assurance that forward looking statements will prove to be accurate and accordingly readers are cautioned not to place undue reliance on forward looking statements.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
